ABOUT THE ORGANIZATION

Madressa Tehfeez Ul Quran came into being in 1985 on the premises of Jamia Masjid Gole market in the land of Muhakmae Auqaf.

This is a non-profit, non-political and purely educational institute.
From the beginning, the organization was run under the registered trust. Initially the education was started with Hifz and Nazra Quran with local students and students from different regions of Pakistan.

With time, the organization, following our mission and vision, extended the educational level to Darsi Nizami and incorporated contemporary education.

The Madressa was recognized by Wifaqul Madaris Pakistan, later got the registration from local administration, and recently, from another educational board which is recognized by the government of Pakistan.

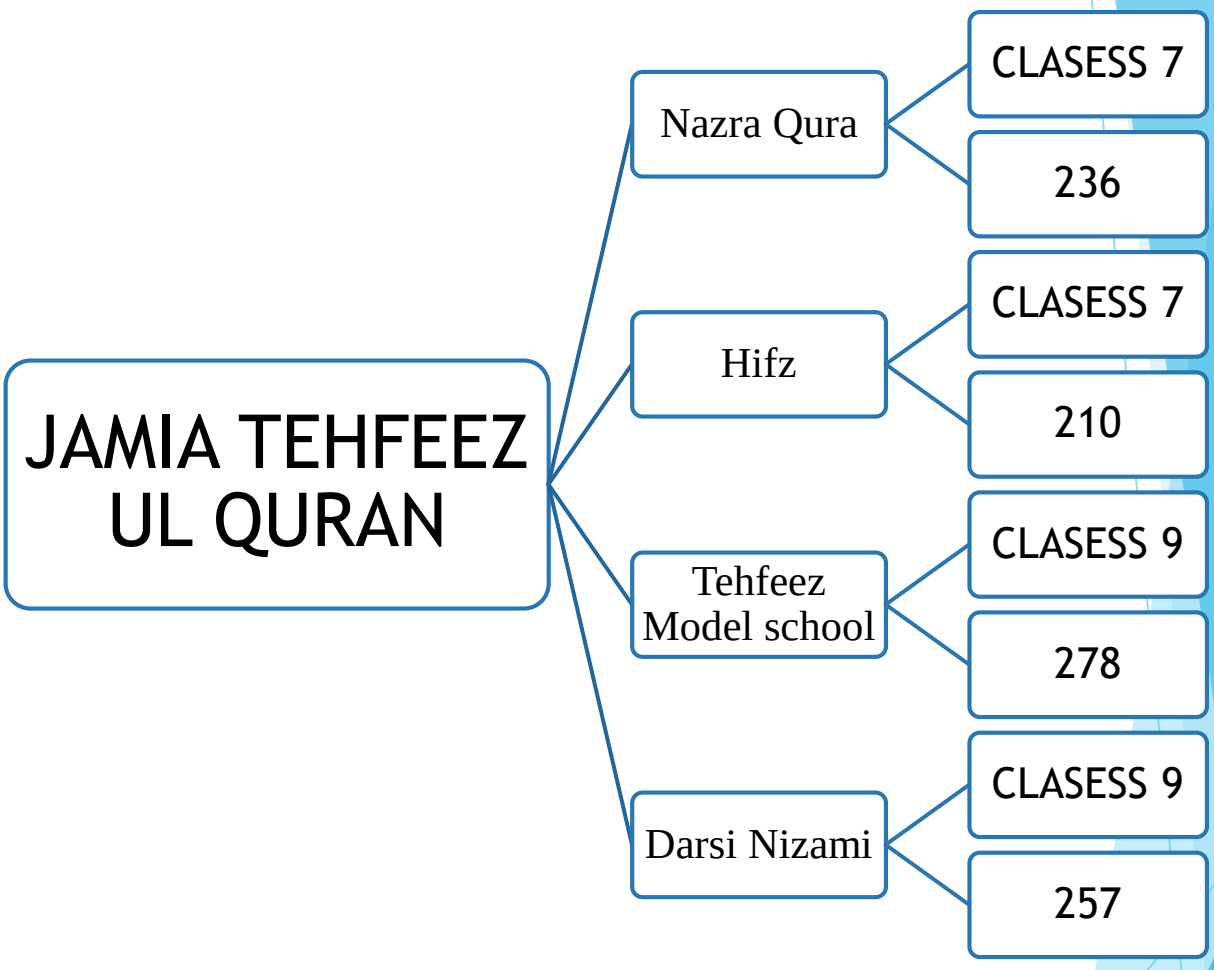

Alhamdulillah, in 2014, we got approval of Tehfeez Model School from Matric Board of Sindh and since then our students are giving exams of class 9^{th} and 10^{th} from Matric Board independently, showing promising results every passing year.

The students in Madressa are both day scholars and hostilities from all over Pakistan.

We have good reputation in providing standard education to our students along with standard boarding and lodging facilities to our students.

The organization receives funding from local community and no permanent or business activity owned by the organization.
